About Baltix

For more than 20 years, Baltix Sustainable Furniture has been proudly manufacturing durable American Made commercial furniture right here in the heart of Minnesota. Our unwavering commitment to sourcing only the most sustainable and durable raw or finished materials utilized in the fabrication of our products has helped us become a trusted partner to some of the largest companies in the world. This commitment to unparalleled sourcing, engineering, and craftsmanship lends itself to our high-quality finished products that will stand the test of time in all commercial environments. As a socially and environmentally conscious manufacturer, it is our duty to leave as little of a footprint as possible. To help reduce this footprint, we have made a commitment to plant one tree for every product that is ordered and manufactured. We call this our Buy One. Grow One™ promise. To learn more about how your purchase makes a difference, please turn the page!

Radically Transparent

At Baltix, we believe that transparency builds trust, and we would not have it any other way. Over the years, there has been a significant amount of "green washing" regarding what is truly green, sustainable or not. We are straightforward and honest with our customers by openly sharing technical information about our products and the raw materials that they are made from. If you have questions, we have answers. **We don't hide behind our tables, we meet at them.**

Customer Centric

Our customers are an integral part of what we do. Without them, we simply would not exist. From first call to final installation and everything in between, our team is committed to providing superior customer service while sharing our vast industry knowledge to guide the specification and ordering process. By choosing Baltix as your furniture partner you can trust that we will manufacture our products to your exacting specification and deliver on-time, every time.

SMaRT® Certified

In 2015, Baltix became the first commercial furniture manufacturer to achieve the Platinum Sustainable Procurement Certification for healthy products. Through our forward-thinking supplier network, we were able to exceed the stringent sustainability certification prerequisites set forth by The Institute for Market Transformation to Sustainability.

American Sourced | American Made

We are proud that our products are manufactured here in Minnesota. By strategically partnering with our U.S. based raw and finished material supplier network, we can produce our products with precision quality, shorter lead times, and unbeatable value, while also contributing to the creation of American jobs.

ONETREEPLANTED

At Baltix, we are a company set on the foundation of environmental preservation. We are here not only to help your purchases make a difference, but to also help reduce the footprint that our company and our products leave behind. Baltix is proud to have partnered with OneTreePlanted.org, a 501(c)(3) non-profit that helps restore our forests by replanting trees in deforested areas across the world. In creating our Baltix One Tree Planted partnership, we are taking our environmental leadership one step further; we call this our Buy One. Grow One™ promise. For every product ordered and manufactured, we have committed to planting one tree in an effort to improve the global environment we share and live in.

Sustainable Surface Materials

(F2) Wilsonart® Standard Laminate with Matching Edgeband

Wilsonart® laminate surfaces offer designers a range of options from dramatic and playful to natural and subdued designs. The majority of Wilsonart® laminate finishes feature AEON™ Enhanced Performance Technology. AEON™ Technology outperforms traditional laminates on wear resistance, as well as scratch/scuff/mar resistance by up to 5 times. Wilsonart® laminate is 70% paper, making it the most environmentally friendly laminate option on the market. With continuous product and process improvement, Wilsonart® laminate has a minimal impact on the environment. At Baltix we use a non-VOC adhesive to adhere Wilsonart® laminate surfaces to a 100% recycled, CARB II compliant particle board substrate finished with a 3mm matching Wilsonart® edgeband for a seamless look and finish.

(F4) Wilsonart® Standard Laminate on Birch Multiply

Wilsonart® laminate surfaces offer designers a range of options from dramatic and playful to natural and subdued designs. The majority of Wilsonart® laminate finishes feature AEON™ Enhanced Performance Technology. AEON™ Technology outperforms traditional laminates on wear resistance, as well as scratch/scuff/mar resistance by up to 5 times. Wilsonart® laminate is 70% paper, making it the most environmentally friendly laminate option on the market. With continuous product and process improvement, Wilsonart® laminate has a minimal impact on the environment. At Baltix we use a non-VOC adhesive to adhere Wilsonart® laminate surfaces to a CARB II compliant birch multiply substrate. The exposed edges of the birch multiply substrate are then finished with a non-VOC clearcoat to provide protection from moisture and heavy commercial use.

(F6) Forbo® Linoleum with BioEdge™ Edgeband

Forbo® Marmoleum™ (linoleum) is a versatile classic with a contemporary edge. Ranging from subtle marbled designs to modern concrete and intriguing striated patterns, Forbo® Marmoleum™ offers a design to suit every taste or application. Finished with Topshield 2™, Forbo® Marmoleum™ can stand the test of time in all commercial applications. Naturally beautiful, durable, sustainable and healthy! Marmoleum™ is a 100% USDA Certified Biobased Product. Marmoleum™ is made from 97% natural raw materials, 70% of which are rapidly renewable, along with 43% recycled content. The key raw materials include linseed oil, wood flour, jute, and pine rosin. At Baltix we use a non-VOC adhesive to adhere Forbo® Marmoleum™ to a CARB II compliant 100% recycled particle board substrate. The edges are finished with a non-PVC BioEdge™ edgeband, a bio-plastic material made from corn biopolymer.

(F8) Powder Coated MDF

Wood (MDF) powder coating is one of the strongest finishes available, making it perfect for a wide variety of tabling applications. Using a revolutionary technology, the cross-link color polymers are thermally fused to a CARB II compliant MDF substrate. Unlike edge-banded tables, powder coated wood offers seamless edges that will not accumulate harmful bacteria and dirt. The powder coating process and finish is environmentally friendly, with no HAP's, VOC's, PVC's, or hazardous wastes. The overspray from powder coating is also reused, not wasted. This unique process results in an exceptionally strong bond for a smooth finish that is moisture and stain resistant and durable for a long useful life.

(F6) Nuxite®

Nuxite® is a biocomposite surface material unmatched in its combination of beauty, warmth, and durability. It is a naturally stain-resistan and renewable material unlike any other. This biocomposite material is made from crushed walnut shells suspended in a zero VOC resin binder. This resin binder does not off-gas any harmful chemical byproducts before, during, or after the creation of each surface. In addition, this premium resin allows us to make a table surface that is stronger, more durable, and more environmentally friendly than composites made with polyester resin. The walnut shells are sustainably grown and are a renewable byproduct of the annual walnut food crop harvest.

(F17) Solid Hardwood (Butcher Block)

Our solid hardwood butcher block surfaces are created with superior high quality craftsmanship and constructed with kiln-dried, uniform-width staves face-glued in a continuous pattern. We offer a number of beautiful hardwood species including maple, oak, ash, beech and walnut. Each hardwood surface is finished with food-safe and moisture-resistant clearcoat finish. With no additional upcharge, we also offer walnut stain finish for maple, oak, ash, and beech species. Following multiple years of use, this hardwood material can be sanded and refinished for extended life of the table surface.

(F18) Cambria® Quartz

Cambria® quartz is 93% pure, natural quartz, one of the hardest and most abundant minerals on Earth. Created with American-made quality, Cambria offers easy-care convenience, 100% non-absorbency, and incredible durability for even the busiest commercial settings. Cambria's commitment to the environment includes the recycling of all metal tooling, as well as 100% of the water used in polishing. Cambria® is a member of the Health Product Declaration Collaborative (HPDC), Living Building Challenge Compliant, and is a participating member in the Declare program. In addition, Cambria has been certified by Mindful Materials. Each table surface includes a ¾" plywood insert for easy base attachment.

(F19) Corian® Quartz

Corian® quartz (formerly Zodiaq® Quartz) is engineered with pure quartz crystals making it an extremely durable table surface that can withstand the daily wear and tear of commercial environments. This added durability minimizes the short and long-term maintenance regimens that other surface materials require. In addition, Corian® quartz contributes to sustainable design. Corian® quartz and its adhesives and sealants meet or exceed emissions guidelines for volatile organic compounds (VOC's), and are nontoxic and non-allergenic for humans. Each table surface includes a ¾" plywood insert for easy base attachment.
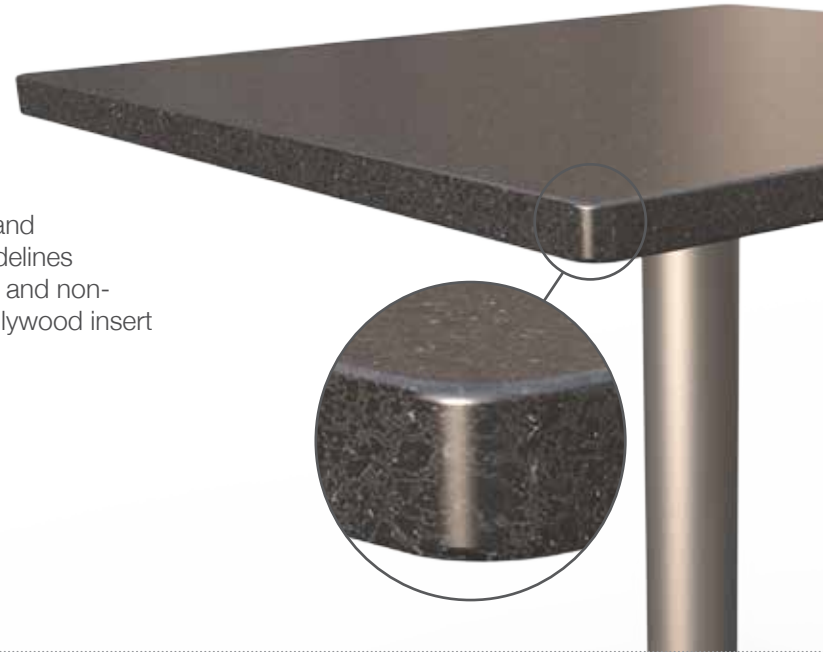

(F20) Caesarstone® Quartz

Caesarstone® quartz surfaces combine beauty with outstanding performance, enabling you to bring your design imagination to life. Caesarstone® surfaces meet exacting standards of excellence from initial procurement of raw materials to the final quality control check. Caesarstone® quartz is blended at a ratio of up to 93% natural quartz aggregates with pigments and polymer resins. Caesarstone® quartz meets the exacting American GREENGUARD Standards and is a member of the Healthy Product Declaration (HPD) for material transparency. Each table surface includes a ¾" plywood insert for easy base attachment.

(F21) Consentino® Silestone® Quartz

Silestone® natural quartz is a surface material with outstanding properties created for almost any commercial application. Silestone® is low-maintenance and has a low absorption rate. Silestone's nearly indestructible surface is stain, scorch, and scratch-resistant. In addition to its durability, this material is offered in wide variety of beautiful color options that are sure to catch your eye. Silestone® is internationally certified to ensure maximum safety and protection. Each table surface includes a ¾" plywood insert for easy base attachment.

(F22) Consentino® DEKTON® Ultracompact Surface

DEKTON® Ultracompact Surface is a sophisticated blend of the raw materials used to produce the very latest in glass and porcelain as well as the highest quality quartz surfaces. DEKTON® employs exclusive Sinterized Particle Technology, a high-tech process which represents an accelerated version of the metamorphic change that natural stone undergoes when subjected to high temperatures and pressure over thousands of years. DEKTON® offers zero porosity and a lack of micro-defects that cause tension and weak spots. This cutting-edge material offers superior scratch resistance, stain resistance, and resistance to temperature variation. In addition, DEKTON® is highly resistant to ultra violet (UV) light allowing this material to be utilized for indoor and outdoor applications. DEKTON® is GREENGAURD certified GOLD and has obtained the Environmental Product Declaration (EPD). Each table surface includes a ¾" plywood insert for easy base attachment.

(F23) Corian® Solid Surface

Corian® solid surface is a solid nonporous homogenous surface material, composed of 1/3 acrylic resin and 2/3 natural minerals. Corian® solid surface offers designers versatility, functionality and durability across many commercial applications. It has low moisture absorption, and is resistant to environmental pollutants, humidity, and freeze-thaw conditions. With these unique material characteristics, Corian® solid surface can be utilized for indoor and outdoor applications. Corian® solid surfaces and cured Corian® adhesives and sealants are GREENGUARD Indoor Air Quality Certified® for low VOC content emissions. In addition, Corian® solid surface is nontoxic and non-allergenic to humans. Each table surface includes a ¾" plywood insert for easy base attachment.

Sustainable Base Materials & Finishes

Steel Bases

Baltix offers a comprehensive collection of steel base styles that can fit in any commercial environment. These bases are built using 14 gauge steel and the mounting plates are made of 7 gauge steel with welded reinforcement. All welded joints are ground smooth for commercial applications. These bases come in 19 standard VOC-free powder coat color options. Baltix offers bases at custom heights per your specification. We also offer a wide variety of base add-on options: locking casters, flip-top mechanism (nesting), folding, adjustable height, wire management and more. All steel bases are commercial-grade and support BIFMA standards. The steel utilized to manufacture these bases includes 30+% recycled content.

Cast Iron Bases

Our cast iron bases are made from 100% recycled grey iron (used or scrap) material. These bases will not bend or flex and are dent- and impact-resistant. The cast iron bases are finished with a non VOC black wrinkle powder coat that will stand up to cleaning products, shoe marks, and also deters rust. These commercial-grade bases are engineered with added wall thickness and support ridges on the underside to provide added strength.

Upgrades and Add-ons

2" Standard Plastic Locking Casters   +LC

Dual wheel locking casters, black (4 per table)...............................Add $60 list per table

2" Soft Rubber Locking Casters   +LCS

More non-slip than our standard 2" locking caster, allowing tables to stay put on polished floors.

Dual wheel locking casters, black (4 per table)...............................Add $80 list per table

2" Premium Locking Casters   +PLC

Premium silver casters are available on tables with Toob and Ingot bases only.

Dual wheel locking casters, black and silver (4 per table) ....Add $80 list per table

Custom Height   CH

To replace standard "X" base ....Add $50 list per table (specify table height in inches)
To replace standard "T" base ....Add $100 list per table (specify table height in inches)

Ratchet Height Adjustability for Toob "T" Base   RH

Available on our Toob T base only. Simply grab the edge of the table top and lift to raise. Ratchet will click incrementally until it reaches the top, then it will lower back down.

Base height (with standard levelers): 23" to 32.5" (9.5" range)

To replace standard Toob "T" base ....Add $330 list per table

Asymmetrical (Offset) Base   A

To replace standard centered "T" base...Add $35 list per table

Flip-Top Mechanism for Nested Storage "T" Base   FFT

Easy trigger mechanism can be operated from either end of the table! Includes locking casters.

To replace standard "T" base ....Add $310 list per table

Flip-Top Mechanism for "X" Base   FFX

Includes locking casters.

To replace standard "X" base (max. table top 36"x36")................................Add $150 list per table

Folding Mechanism for Stacking "T" Base   FT

To replace standard "T" base ....Add $240 list per table

Note: 48" L table requires short-fold
mechanism to allow legs to overlap and lay flat............................Add additional $120 list per table

**For power & data options and wire management, see pages 112-115.

Upgrades and Add-ons

2" Standard Plastic Locking Casters +LC

Dual wheel locking casters, black (4 per table)..Add $60 list per table

2" Soft Rubber Locking Casters +LCS

More non-slip than our standard 2" locking caster, allowing tables to stay put on polished floors.

Dual wheel locking casters, black (4 per table)..Add $80 list per table

2" Premium Locking Casters +PLC
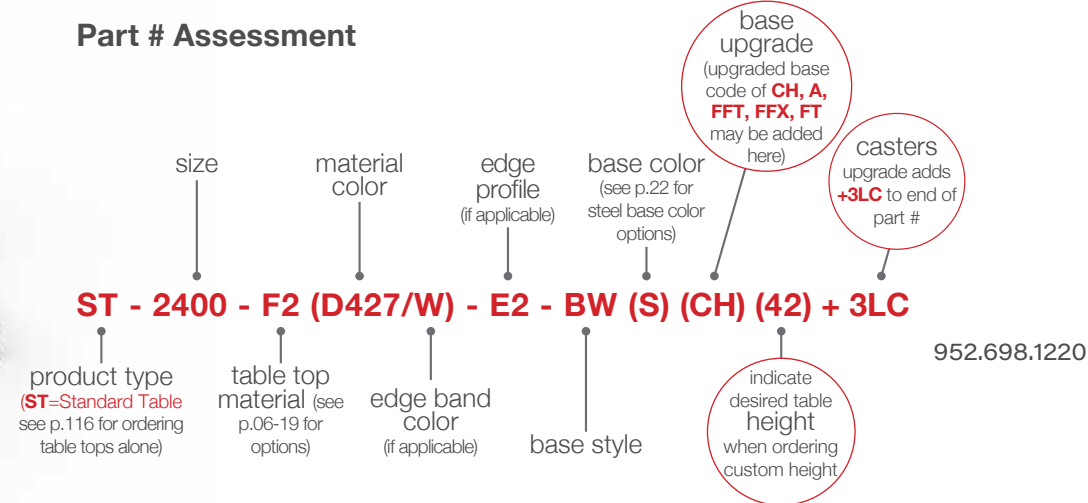

Premium silver casters are available on tables with Toob and Ingot bases only.

Dual wheel locking casters, black and silver (4 per table) ....Add $80 list per table

Custom Height CH

To replace standard "X" base ....Add $50 list per table (specify table height in inches)
To replace standard "T" base ....Add $100 list per table (specify table height in inches)

Asymmetrical (Offset) Base A

To replace standard centered "T" base...Add $35 list per table

Flip-Top Mechanism for Nested Storage "T" Base FFT

Easy trigger mechanism can be operated from either end of the table! Includes locking casters.

To replace standard "T" base ....Add $310 list per table

Flip-Top Mechanism for "X" Base FFX

Includes locking casters.

To replace standard "X" base (max. table top 36")..Add $150 list per table

Folding Mechanism for Stacking "T" Base FT

To replace standard "T" base ....Add $240 list per table

Note: 48" L table requires short-fold
mechanism to allow legs to overlap and lay flat............................Add additional $120 list per table

**For power & data options and wire management, see pages 112-115.

Greenlites™ Lightweight Tables
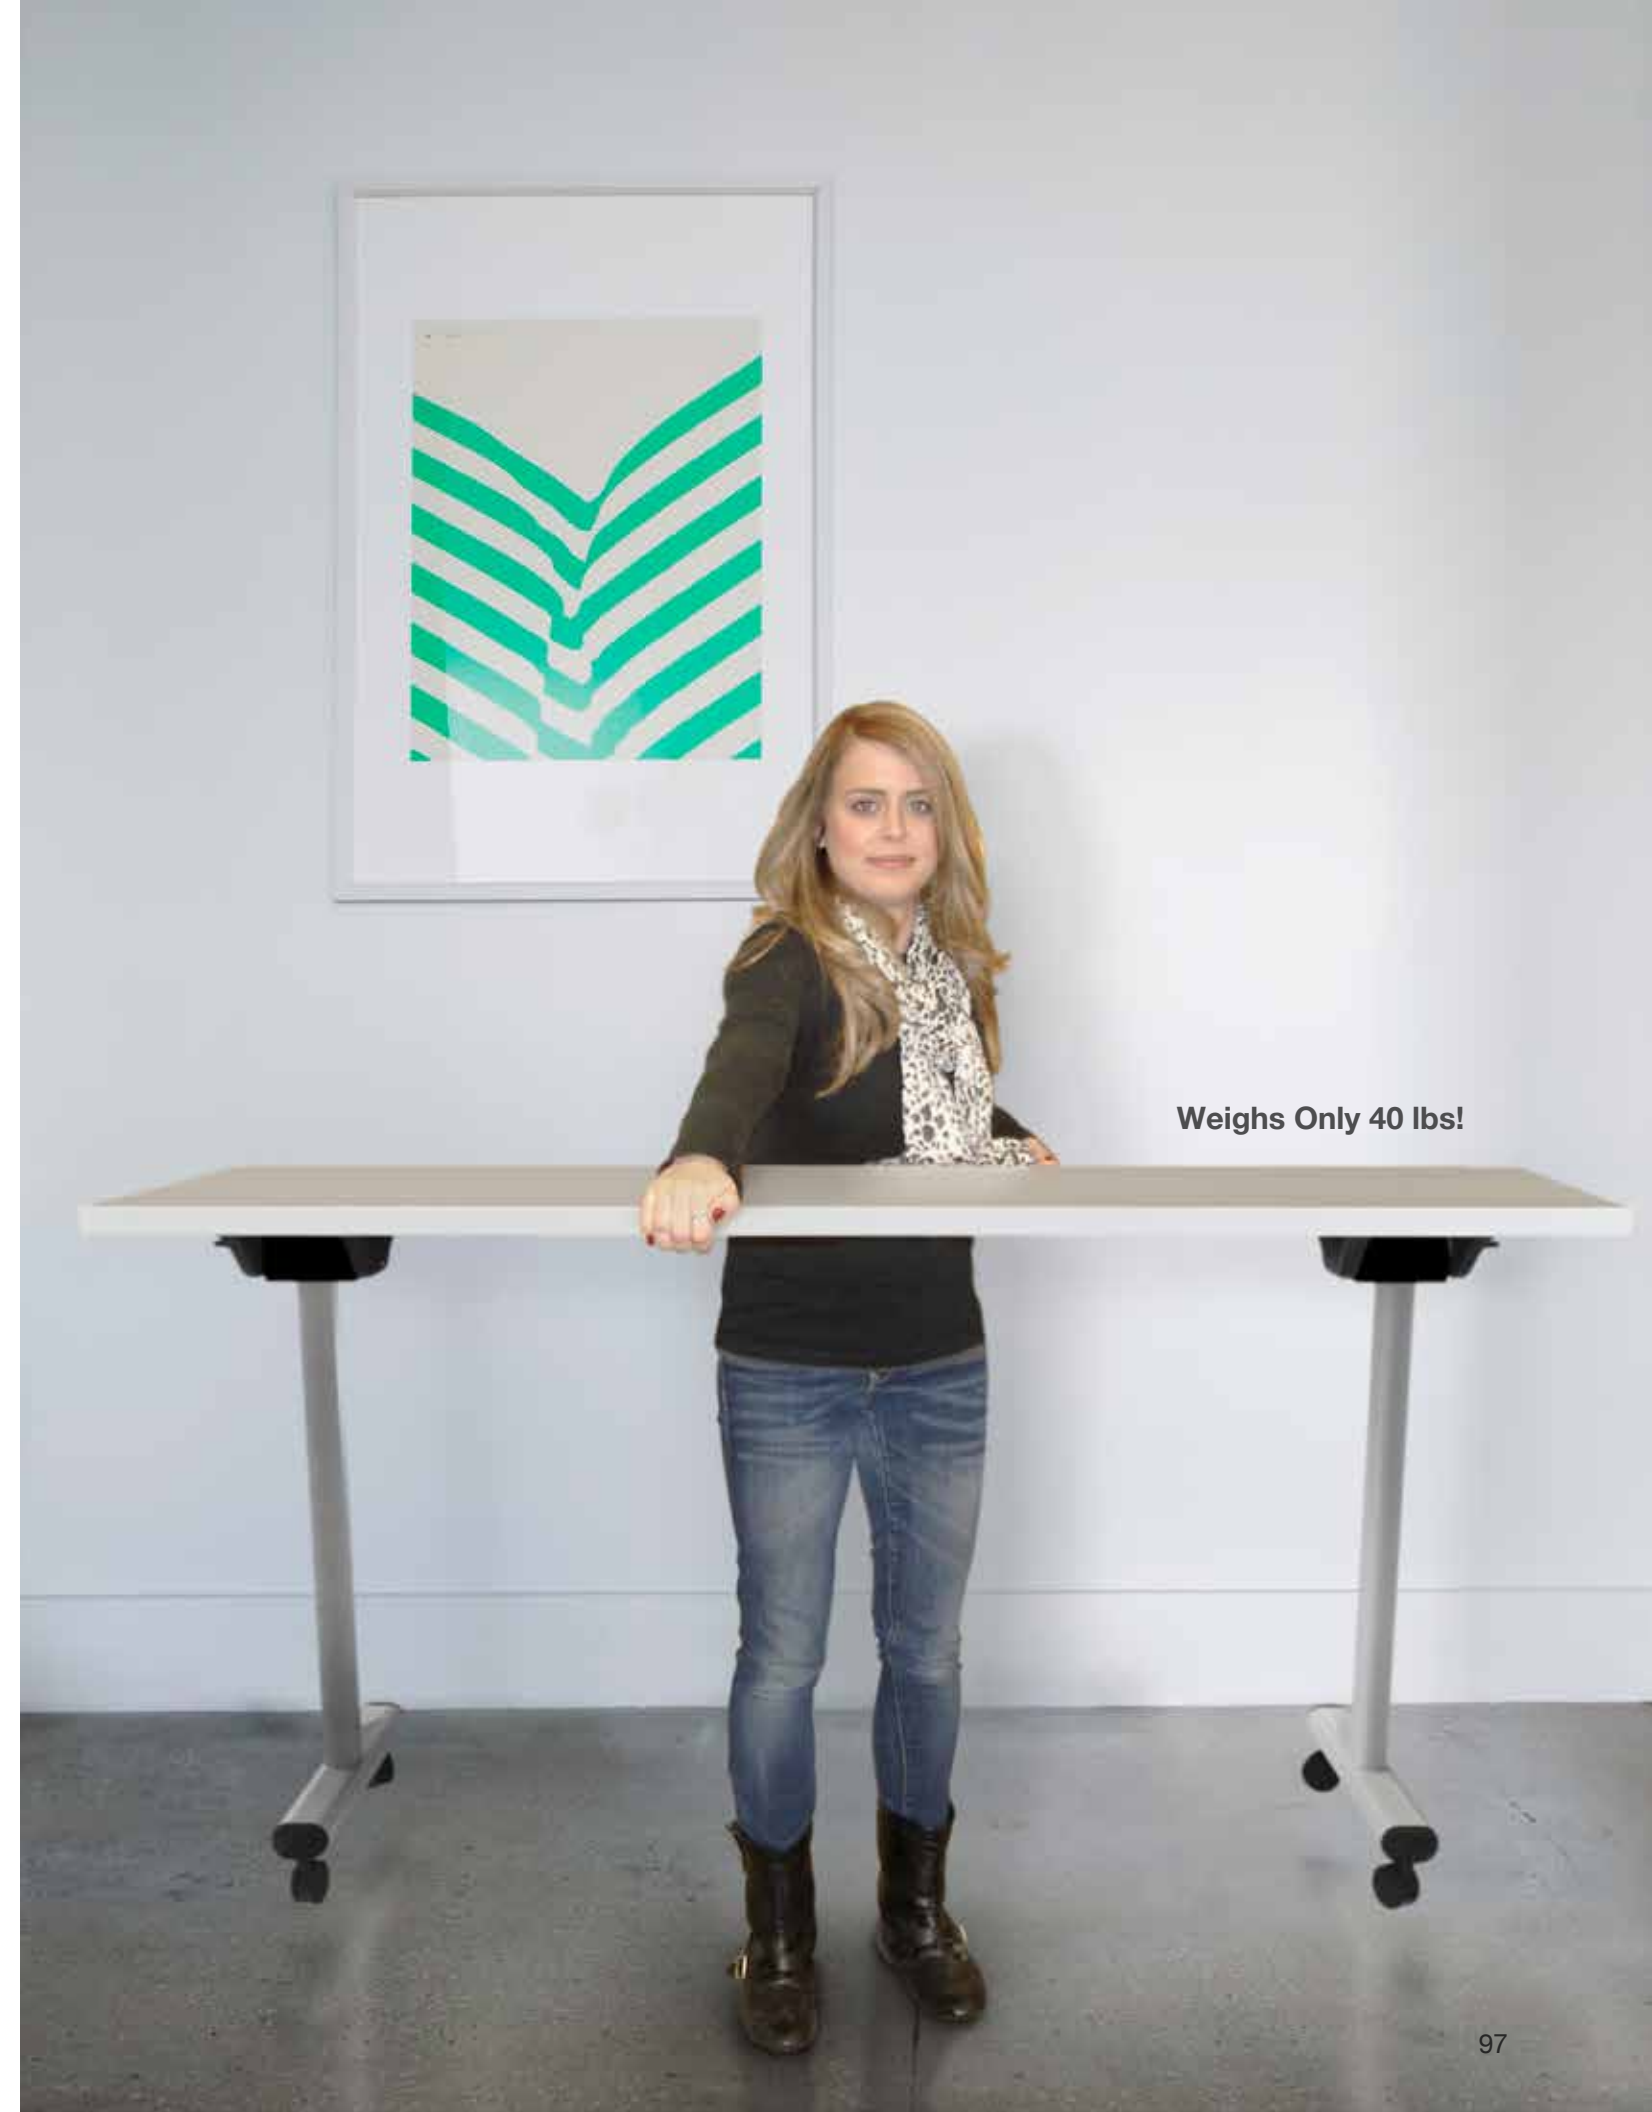

Weighs Only 40 lbs!

# Greenlites™ Lightweight Tables

How do we make them so light?

By swapping our usual green particle board table top substrate with an ultra light honeycomb material and by trading our typical steel bases for aluminum ones, we have managed to take up to half the weight out of our tables. The honeycomb core is made from recycled kraft paper and is bordered with a green MDF made from recycled wood fiber. The aluminum bases are durable, recyclable, and freight-friendly due to their light weight. We cover the substrate with Wilsonart® standard laminate and Wilsonart® matching edgeband.

What's the advantage to a lighter table?

Mobility! Many times it is a requrement that a table needs to flip, fold, nest, stack, or roll. These modular tables are simply easier to move around when they weigh less. Greenlites are the ultimate back saver!
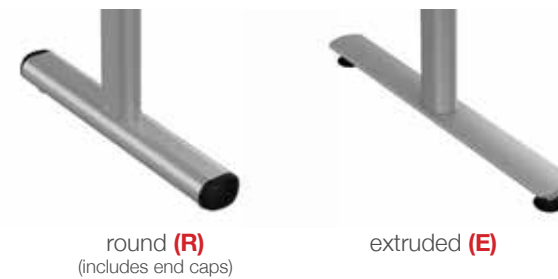

**round (R)** (includes end caps) **extruded (E)**

	Size	Table Weight (lbs.)	List Price

30"x72" (3072)	$2266	$2734	$2338	$2910	$2295	$2880

Ratchet (manual) (ADJR)

Simply grab the edge of the table top and lift to raise. The ratchet mechanism will click incrementally until it reaches the highest position...then it will lower all the way back down, similar to a reclining lawn chair.

Base height: 26" to 35.5" (9.5" range)

Crank (manual) (ADJCX)

Height adjustability at the turn of a handle. Handle pulls out to adjust height and then pushes back under table, out of sight.

Base height: 26" to 43.5" (17.5" range)

Motor (electric) (ADJM)

Adjust your table height at the push of a button. Motor gives the largest height range. Because it's electric...you guessed it...it will need to be plugged in.

Base height: 26" to 45.7" (19.7" range)

Pneumatic Lift (manual) (ADJL)

Smooth adjustability with an easy lever release. On the pneumatic lift, the leg is inverted, meaning the "inner column" will grow out of the bottom of the leg, near the foot.

Base height: 26" to 45.7" (19.7" range)

Note: To achieve the optimal performance for the pneumatic lift, we want to make sure we give your mechanism the right amount of "muscle" to lift the table top and anything on it. When ordering, please contact us to chat about your intended application.

**For power & data options and wire management, see pages 112-115.

Optional Power/Data Unit Add-ons

+M2X
Sits flat within the work surface for a high end finish, simply press on either side and it will pop up for use. Contains recycled content that can contribute toward LEED points.
Configuration Options: • 2 Power/2 USB • 2 Power/2 Open Data (shown) • 4 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black Annodized Aluminum • Silver Annodized Aluminum (shown) .... $1,051 list each

+E2X
With two power outlets and two single data ports on each side*. Sits flat within the work surface for a high end finish. Lift lid for access; lid can be closed while cords are plugged in for a flush top.
Configuration Options: • 3 Power/3 Open Data (shown) • 2 Power/2 Open Data • 3 Power/1 Extron Adapter
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black Annodized Aluminum • Silver Annodized Aluminum (shown) .... $678 list each

+Ellora
This simple, smart design keeps cable clutter out of sight by allowing use while the lid is shut.
Configuration Options: • 2 Power/1 USB/1 Cat 6 (shown) • 2 Power/2 Open Data • 3 Power/1 Extron Adapter
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black Annodized Aluminum (shown) • Silver Annodized Aluminum .... $441 list each

+ElloraQI
Here, users can walk up and connect - whether they're plugging in a laptop, iPhone, or tablet. Or maybe they're not plugging in at all - using Qi compatible charging on the lid instead.
Configuration Options: • 2 Power/2 USB/3 Qi Coils • 3 Power/1 USB/3 Qi Coils (shown)
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Matte Black • Matte White (shown) .... $694 list each

+Nacre
Stylish Nacre pops up to reveal a dynamic range of power, data and USB configurations.
Configuration Options: • 2 Power/2 USB • 3 Power/1 USB (shown) • 4 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown).. $335 list each

+Nacre2Port
All the style of Nacre in a compact, two port size.
Configuration Options: • 1 Power/1 USB (shown) • 1 Power/1 USB A+C • 2 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown).. $234 list each

+DEAN
Low profile and smooth, easy-to-clean surface doesn't pull attention away from other workplace elements.
Configuration Options: • 2 Power/1 USB (shown) • 2 Power • 3 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black (shown) • White.. $257 list each

+GARCIA
Low-profile, low-voltage Garcia mounts under your surface.
Configuration Options: • 2 USB (shown)
Cord Lengths: • 60" Power Supply Cord
Color Options: • Black (shown) • White.. $155 list each

+MINI
Two outlets that can be mounted near the edge of the worksurface without cutting into it.
Configuration Options: • 2 USB (shown)
Cord Lengths: • 60" Power Supply Cord
Color Options: • Black (shown) • White.. $167 list each

+HQ
All of your technology can come together to recharge—however you connect. There's USB access, power, even wireless—simply set any Qi-friendly device on the surface.
Configuration Options: • 1 Power/1 USB/1 Charging Pad (shown)
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black (shown) • White... $241 list each

+HQ2
All the convenience of the HQ with an extra USB and two charging pads to power even more gadgets.
Configuration Options: • 1 Power/2 USB/2 Charging Pads (shown)
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown)... $439 list each

+HEMISPHERE
The domed shape, soft touch finish, and circular simplex trio is modern yet playful.
Configuration Options: • 2 Power/1 USB • 2 Power/1 USB A+C (shown) • 3 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown)... $203 list each

+ECLIPSE
First you see its modern circular simplex design—then the face cleverly rotates to hide away when not in use.
Configuration Options: • 2 Power/1 USB • 3 Power (shown)
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black (shown) • White... $263 list each

+NODE
The easy elegance of Node's clean, flush mount design is sure to complement a wide range of aesthetics.
Configuration Options: • 1 USB (shown) • 1 Power/1 USB A+C • 2 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown)... $207 list each

+RSALT
Salt is a charging dynamo with dual charging USB.
Configuration Options: • 1 USB
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown)... $98 list each

+RPEPPER
Pepper is all power with it's single spill-proof simplex.
Configuration Options: • 1 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black (shown) • White... $58 list each

+SSALT
Salt is a charging dynamo with dual charging USB.
Configuration Options: • 1 USB
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)
Color Options: • Black • White (shown)... $98 list each

+SPEPPER
Pepper is all power with it's single spill-proof simplex.
Configuration Options: • 1 Power
Cord Lengths: • 72" (3-Prong) • 120" (3-Prong)

Terms & Conditions of Sale

General

All prices are shown as list (MSRP). Contact us at info@baltix.com or your preferred dealer for approved discount. All catalogs, photographs, drawings, product price list and other printed materials are protected by copyright. All rights reserved. Product line names are trademarked. All Baltix products are sold using standard terms and conditions of sale found in the product price list, quotes, acknowledgments, and invoices. All submitted orders are subject to acceptance by Baltix. Any modification or supplementation to the terms and conditions must be clearly identified in a separate written document signed by an authorized Baltix representative.

All illustration, specifications, products, and prices in the product price list are based on the latest information available and Baltix reserves the right to make changes at any time without notice. Unauthorized distribution of the product price list does not constitute an offer to sell.

Small Order Processing Fee

Orders with a combined NET price, excluding shipping, under $2,000.00 will be subject to a Small Order Processing Fee of $225.00 NET. One charge per order.

Purchase Orders

Orders may be placed at:
E-mail: sales@baltix.com
Order Support: (952)698-1220

Accepted Payment Methods

Check
ACH Debit (no fee)

Remittance Address:
Baltix Sustainable Furniture, LLC
Attn: Accounting
434 Lake Street, Suite 203
Excelsior, MN 55331

Payment Terms

Standard payment terms are 50% down payment at the time of order and balance due upon receipt of product. Orders are not released to production until the required 50% deposit has been received. An authorized Baltix representative must approve any other payment arrangement. Purchaser agrees that Baltix shall have the right to enforce a finance charge of 2% per month on any invoice outstanding more than NET 30 days. If a collection is necessary, the purchaser shall pay all collections costs including attorney's fees. Any product sold is the property of Baltix until the invoices have been paid in full.

Order Acknowledgement

Orders are accepted, manufactured and invoiced in accordance with Baltix acknowledgements and standard terms and condition of sale as stated herein. It is the purchaser's responsibility to notify Baltix of any discrepancies in the acknowledgement within two (2) days of the acknowledgement date, otherwise Baltix can accept no responsibility for manufacturing errors. Ship dates on the acknowledgement are estimated and actual ship dates may very due to events beyond the control of Baltix.

Taxes

Orders placed in Minnesota must be accompanied by a State Resale/Exemption Certificate (ST3). Baltix is not responsible for collecting sales tax in any other state. If you are not tax exempt, sales tax must be self-assessed.

Storage Policy

If the purchaser is unable to accept delivery as scheduled at the time of shipment, Baltix may transfer the order to storage. The following storage fees will apply; $300.00 for the first month and $150.00 for each additional month thereafter. Orders transferred to storage will be considered delivered for purposes including invoicing and payment.

Changes & Cancellation Policy

Baltix is a contract furniture manufacturer producing high quality, finished products that are built-to-order based on the purchaser's specifications. No finished products are inventoried. Orders may not be cancelled or changed without written consent of Baltix, such consent may be withheld, granted or granted subject to conditions, service charges and/or price changes, in Baltix' sole discretion. The refund of the customer's deposits shall not be granted in any circumstance. In the event that Baltix agrees to such a change or cancellation, and customer agrees to pay such charges, including, but not limited to, storage and shipment costs, costs of producing non-standard orders, costs of purchasing non-standard materials, costs of non-returnable items, cancellation costs imposed by Baltix and its suppliers, and any other costs resulting from the cancelation of this order by customer. Baltix may waive such costs at its sole discretion. Baltix does not accept returns.

Freight & Shipping

All orders will be shipped in compliance with National Motor Freight Classification Code (NMFC). All orders will be shipped F.O.B. Baltix Origin, freight cost prepay and add. Legal responsibility for the product transfers to the buyer upon acceptance by the carrier. All products are shipped based on a dock-to-dock delivery only. Unless otherwise noted, Baltix will use "best way" shipping. Baltix assumes no responsibility for warehousing or demurrage when consignee is unable to accept shipment at the delivery point. Additional expenses incurred by Baltix for any add-on accessorial at the time of delivery will be billed to the customer as "additional handling". Examples of add-on accessorials include, but are not limited to: Inside Delivery, Limited Access, Residential Delivery, Construction Site Delivery, and Re-delivery. Baltix shall not be held liable for delays caused by strikes, catastrophes, wars, riots, or any other cause beyond our control.

Customer Pick Ups (3rd Party)

All products are loaded on carrier trucks free from defects and/or damage. Responsibility of safe delivery and transport of products is assumed by the customers carrier upon loading. Legal responsibility and cost for the product transfers to the buyer upon acceptance by the carrier.

Freight Damage

Legal title to merchandise passes to the buyer upon acceptance by the carrier. It is the customer's responsibility to inspect all skids, crates, a-frames, cartons (boxes), and packages at time of delivery for damages or shortages regardless of condition. Any damages found during inspection must be clearly noted on the proof of delivery (POD) slip. It is the customers responsibility to notify the carrier within three (3) days of any visible or concealed damage that has occurred. All product is thoroughly inspected before it leaves our factory; therefore, it is the buyer's responsibility to seek recourse against the carrier.

Warranty, Limitations, & Disclaimers

Warranty

Baltix warrants that all products it manufactures are, at the date of shipment, guaranteed free from defects in materials and workmanship for two (2) years. This warranty is offered to original customers who have acquired the goods directly from a Baltix authorized dealer or direct from Baltix. Any product that fails to function as intended and is found defective in material or workmanship by Baltix will be repaired or replaced without charge to the purchaser or, at the election of Baltix, a credit will be issued up to the invoice price of the product. This warranty is not applicable where, in the judgement of Baltix, the defect is caused by normal wear and tear, misuse, misapplication, modification, or damage after shipment, including failure to properly maintain the product or similar cause. This warranty is in lieu of all other warranties, express or implied, including warranties of merchantability or fitness for ordinary or particular purpose.

Exceptions

Outdoor tables and bases: One (1) year from date of shipment.

Electrical components: One (1) year from date of shipment.

Third Party specified and supplied products: Supplier Warranty

Finishing: our finishes are designed to be moisture resistant, but, if exposed to standing water for longer than 24 hours, discoloration and disfiguration can occur. This is typical for any finished furniture product.

There are no other warranties except as expressly set forth above, either expressed or implied, including any warranty of merchantability or of fitness for a particular purpose.

Design Rights

The designs shown in Baltix' catalogs and price lists are proprietary to Baltix and Baltix reserves the exclusive right to manufacture them. Any reproduction of these designs infringes Baltix' rights and that infringement will be prosecuted.
