
Metal Table Bases

- Clean metal table bases with a diluted solution of liquid dishwashing detergent and warm water.
- Use a soft, non-abrasive cloth and lightly dampen it the diluted cleaning solution.
- Most household cleaners such as Formula 409, Windex or Simple Green can be used as well.
- DO NOT USE abrasive clearers or cloths. This will cause scratching.
- DO NOT soak the base in water. This will cause rusting.
- Use a fresh dry cloth to absorb all remaining moisture off of the surface of the table base.
